Renault FLUENCE

Sport luxury

Every precaution has been taken to ensure that this publication is accurate and up-to-date on the date it is printed. This document has been created on the basis of pilot lots and prototypes. As part of its ongoing product improvement policy, Renault India Pvt. Ltd. reserves the right to modify the specifications, vehicles and accessories described and shown at any time. Such modifications are communicated to Renault dealers as quickly as possible. Depending on the country of sale, certain versions may differ and certain equipment may be unavailable (as standard, optional or accessory). Please contact your nearest dealer for the latest information. Due to printing limitations, the colours that appear in this document may differ slightly from the actual paint or upholstery colours. All rights reserved. The reproduction in any format and by any means of all or part of this publication without prior written authorisation from Renault is prohibited.

Make luxury your constant companion

Experience driving pleasure like never before. The Renault Fluence is a rare blend of innovative design and sophisticated technology. Packed with advanced features, it effortlessly delivers enhanced performance with exceptional efficiency, ensuring that your everyday drive to work is as pleasant as a weekend jaunt on the open highway. The Renault Fluence. It's luxury you could get used to.

FLUENCE

Arrive in style

Leave a lasting impression with the Renault Fluence. A new lustrous black grille boldly announces its presence. The LED daytime running lights with chrome surround lend it a striking look, while the built-in halogen projector headlamps and stylish alloy wheels enhance its dynamic profile. This refinement continues on the inside. The integrated upper dashboard has a 4-layered, soft-touch finish, yet is resistant to everyday scratches and exposure to direct sunlight. The interior space is amongst the largest in its category, making it the perfect spot to pamper yourself after a long business meeting.

Crafted to indulge

The Renault Fluence takes driving comfort to a whole new level. From the tilt and telescopic steering wheel with soft-touch driver controls to its ergonomically designed driver's seat, every detail has been crafted to provide optimum driving pleasure. This experience is further enhanced by thoughtful features like dual-zone auto climate control and a smart digital instrument cluster. All complemented by a spacious 530 litre boot that ensures there's always room for your golf clubs.

Technology that delights

The unmatched driving experience is powered by state-of-the-art technology. Cruise control with speed limiter enables stress-free driving, while front and rear parking sensors ensure easy parking. These are complemented by thoughtful convenience features like a smart access card that locks/unlocks the car automatically and an engine start/stop button that lets you start/stop the engine at a single touch. Of course, the experience is made complete with the 3D surround technology by Arkamys® that ensures entertainment never takes a backseat in here.

Safety comes first

The Fluence sets new benchmarks in safety. Intelligent fog lights and rain sensing wipers adapt to the intensity of the rain and improve visibility, while dusk-sensing headlamps turn on the lights automatically when it gets dark. To ensure you're always in control, there's ABS with EBD and Brake Assist as well as ESP® and traction control so the car maintains a firm grip even on icy, loose or uneven surfaces. Two airbags in the front, two more on the sides of the driver and co-passenger seat, along with front anti-whiplash headrests, ensure minimum risk of injury in case of a collision. After all, long drives with your loved ones are more fun with the assurance of safety.

Performance that thrills

It's not about the destination, it's about the journey. The Renault Fluence is powered by a renowned 1.5 litre dCi diesel engine that gives you an output of 110 PS. Its 6-speed manual transmission with gear ratios perfectly matched to the engine's output offers a superlative driving experience while still delivering exceptional fuel efficiency of 20.4 kmpl*. So whether you're on a leisurely trip to your farm house or rushing to catch the latest premiere, the Renault Fluence ensures your drive is a pleasure.

*Test results of Rule 115 of CMVR.

We believe peace of mind goes a long way in improving driving pleasure. That's why all our cars are backed by a firm promise and commitment to provide you with support, convenience and expertise, if you ever need it. Welcome to Renault's world-class quality and unmatched customer satisfaction. Welcome to Renault Complete Care.
